

Quality Coffee

Lavazza brings a quality cup of Italy to Irish office workers

Are you fed up with drinking instant coffee in the office?

Lavazza, Italy's favourite coffee, offers a dedicated office coffee service, so you can serve high quality Italian coffee to employees and clients.

Present in over 80 countries around the world and with over 110 years of experience,

Lavazza offers a first-class coffee experience to millions of office workers throughout Ireland.

Over the past two years Lavazza has been supplying no-mess, conveniently packaged capsules and high-tech, low maintenance coffee machines to small and medium-sized working environments. The machines deliver a variety of coffees, including espresso, cappuccino, latte as well as teas and soups, so staff and clients can enjoy a high quality hot beverages at work.

The company's unique coffee machines, Espresso Point™ and BLUE™, tap into consumers' discerning coffee tastes, by offering a dedicated service for offices. Both machines are part of the growing table top fresh brew category, offering exclusive pod systems for preparing the perfect cup of Lavazza espresso or cappuccino. The systems offer workplaces Lavazza's great tasting coffee, served through its capsules, which are used in both types of machine.

Espresso Point™

For customers looking for the authentic Italian espresso, Espresso Point™ is the system that will meet your needs. With over 15 years of excellent results worldwide, Espresso Point™ is the benchmark in the Italian coffee market. They are perfect for small to medium sized working environments thanks to their compact size and extraordinarily user-friendly design.

In particular, Lavazza Espresso Point™ Matinee is an ideal coffee maker for offices. This exclusive espresso machine uses cartridges

containing the best Lavazza blends, packed in a protective atmosphere to guarantee an excellent espresso coffee.

BLUE™

The range of BLUE™ machines is high-tech yet user-friendly. Characterised by self-protecting capsules with an exclusive extraction process and superior Lavazza coffee blends, an authentic Lavazza coffee is guaranteed every time.

LAVAZZA
ITALY'S FAVOURITE COFFEE

Lavazza BLUE™ LB 1000 is a single-use manual machine designed for environments where consumption is relatively low. The LB2200 Deluxe is perfect for small to medium-sized environments. This versatile and single-unit semi-automatic machine is available with either one or two capsule spouts and different options can be pre-set to provide a free or pre-set dose. The electronic functions allow users to monitor consumption and water tank levels and the machine can also be set for the use of water-softening filters.

Finally, the Colibri Semi Automatic is perfect for self-service. With this, an excellent espresso is guaranteed in both table top and free standing units. Providing 140 servings before it needs reloading, it can be connected straight to the water mains or to a water tank and can be set for the use of water-softening filters. The fact that it uses capsules instead of beans gives a consistency of products anytime during the day.

If you would like further information on Lavazza's Espresso Point™ and BLUE™ systems, contact Silvio Zaccareo on 00 44 208 740 3820 or e-mail s.zaccareo@lavazza-coffee.co.uk
